

Instrument Case 2 for Leica DISTO™ Plus and Telescope

JMA Technology's Instrument Case 2 is a double walled blow molded case with a urethane foam insert for carrying the Leica DISTO™ Plus laser distance meter. The case has been designed to provide a convenient instrument case to hold all the equipment necessary to interface the DISTO™ Plus into a laptop computer system.

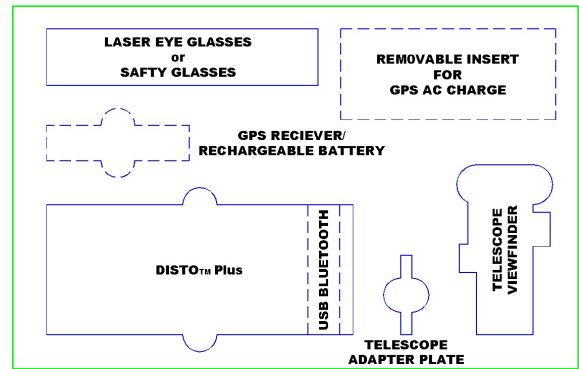

This 13.5"x9.0"x4.38" grain textured plastic case will protect your DISTO™ Plus and auxiliary equipment from damage while traveling from the occasional fall, drop or equipment slamming into the instrument.

This case is unaffected by cold, heat or chemicals. The case will not split, splinter, crack, scratch or rust.

This light weight instrument case will protect your DISTO™ Plus like a rhinoceros.

The custom foam interior has been designed to reduce the shock from an impact on the encased equipment. The foam interior has compartments for:

- Leica DISTO™ Plus
- Leica DISTO™ Plus Viewfinder & mounting plate
- Laser Eye Glasses Extra wide slot to OSHA glasses.
- Compartment for a USB Bluetooth® Adapter
- GPS Receiver with Bluetooth® interface
- AC Charger and cord for the GPS Receiver

On orders of 25 units or more, a company logo or decal can be applied to the box free of charge. The logo or decal design and format must be provided in one of the following digital format BMP, TIFF, JPEG or GIF. The maximum size of the decal is limited to height of 1.5" and width of 4.0". The logo or decal is printed on waterproof white vinyl super permanent self adhesive material that will not smear when rubbed.
